

ORTP 2035 Evaluation Form

OahuMPO has identified several potential projects and programs that could improve the mobility and accessibility of island residents and businesses. Very broadly, these projects and programs can be categorized as Congestion Relief Projects, Multi-Modal Projects, and Safety, Operations, and Maintenance Projects and Programs.

However, funding limitations preclude implementing all of them. The actual selection of which projects identified will get funded and built is a function of community input, funds available, and statistical analyses.

The following safety, operations and maintenance, and multi-modal projects and programs have been identified to decrease congestion, travel time, crashes, and provide more transportation choices.

Please indicate by a check mark in the column which five projects you think would be most effective in serving Oahu's transportation needs.

	Project or Program	Description	Relative Cost	✓ 5 Projects
1	Bike Plan Oahu	Plan for bike lanes and facilities	\$\$\$	<input type="checkbox"/>
2	High Technology Projects	Improve traffic flow through traffic monitoring technologies	\$\$\$	<input type="checkbox"/>
3	Mobility Management Projects	Reduce congestion through use of shuttles, car sharing, and car pooling	\$\$\$	<input type="checkbox"/>
4	Vanpool and Shuttle Programs	Expand programs	\$\$\$	<input type="checkbox"/>
5	<i>TheBus</i> and transit service	Expand <i>TheBus</i> and build transit facilities	\$\$\$\$	<input type="checkbox"/>
6	Improve Honolulu Rail Transit system	Add rail cars and maintain track	\$\$\$	<input type="checkbox"/>
7	Enhancement Projects	Projects such as bike lanes, walking paths, landscaping at various locations	\$	<input type="checkbox"/>
8	Rockfall and Shoreline Protection	Reduce erosion and hazards from falling rocks	\$	<input type="checkbox"/>
9	Safety and Operational Improvement Projects	Projects to improve traffic flow and safety on Kalaniana'ole Highway, Kamehameha Highway, and Farrington Highway	\$	<input type="checkbox"/>
10	Highway Safety Improvement Program	Installing turn lanes and guardrails, repaving, etc.	\$	<input type="checkbox"/>
11	City Operations and Maintenance	Highway projects that improve travel time and traffic flow and maintenance	\$\$\$\$\$	<input type="checkbox"/>
12	City Operations and Maintenance	Transit projects that improve travel time and maintenance	\$\$\$\$\$	<input type="checkbox"/>
13	Improve H-1; Lunalilo Street to Vineyard Boulevard	Modify westbound weaving movements to improve traffic flow	\$	<input type="checkbox"/>
14	Improve H-1, Ward Avenue On-Ramp to University Avenue Interchange	Widen to improve traffic flow	\$	<input type="checkbox"/>
15	H-1 & H-2 Waiawa Interchange	Improve traffic flow and functionality of interchange	\$\$\$	<input type="checkbox"/>
16	State Operations and Maintenance	Pavement repair, preventative maintenance	\$\$\$\$\$	<input type="checkbox"/>
17	H-1, On- & Off-Ramps, Various Locations	Modify to improve operations and traffic flow	\$\$\$	<input type="checkbox"/>
18	System Preservation	Preserve the existing highway system through maintenance projects	\$\$\$\$\$	<input type="checkbox"/>

Oahu Regional Transportation Plan 2035

ORTP 2035 Oahu Regional Public Meeting
August 14, 17, & 19, 2010
Honolulu, Hawaii

Legend:

≤ 50M*	\$
51-99M	\$\$
100-499M	\$\$\$
500-999M	\$\$\$\$
≥ 1B*	\$\$\$\$\$
*M	\$million
*B	\$billion

Several congestion relief projects have been identified that will reduce congestion through adding lanes so that more vehicles can ride the same section of road, improving H-1 through adding lanes and reconfiguring interchanges, and improving mass transportation. **Please indicate by a check mark in the column which five projects you think would be most effective in serving Oahu's transportation needs.**

	Project Descriptions	Relative Cost	✓ 5 Projects
1	Widen H-1 WB from Waiiau interchange to Waiawa Interchange Widen H-1 WB Waipahu Street off ramp Widen H-1 EB from Waiawa interchange to Halawa interchange	\$\$\$ \$ \$\$\$\$	<input type="checkbox"/>
2	Widen H-1 from Vineyard Boulevard to Middle Street	\$\$\$	<input type="checkbox"/>
3	Add Waianae Second Access Road from Lualualei Homestead Road to Kunia Road Widen Kunia Road from Wilikina Drive to Farrington Highway	\$\$\$\$\$ \$\$\$	<input type="checkbox"/>
4	Widen Kamehameha Highway from Lanikuhana Avenue to Ka Uka Boulevard Extend Paiwa Street from Ka Uka Boulevard to Lumiauu Street	\$ \$	<input type="checkbox"/>

16	Extend PM Contra Flow lane WB from Keehi Interchange to Radford Drive	\$	<input type="checkbox"/>

The **OahuMPO** is responsible for programming federal, state, and local transportation dollars on Oahu. There are many requirements that must be met to remain eligible for these funds. To help document who is participating in the planning process, kindly fill in the information below. If there is a question with which you are not comfortable, please skip it and continue.

1 What is your zip code?
 _____ Where you live
 _____ Where you work or attend school

2 What means of transportation do you normally use to go to work or school?

Drive Alone
 Carpool
 Vanpool
 TheBus
 Ride Bicycle
 Ride Motorcycle
 Walk

3 How many vehicles do members of your household drive?

0
 1
 2
 3 or more

4 How did you hear about the meeting?

Newspaper
 Email
 Friend
 Radio
 TV
 Flyer

5 I'd like to join the OahuMPO mailing list.

Name _____
 Email _____
 Address _____
 City _____
 Zip _____
