Aloha and Happy New Year, I am a planner with the Army at Schofield Barracks. Have an interest in developing bike routes and bike sharing programs due to the lack of parking here and traffic. Any information you can provide would surely help, thanks

Clif

Clifton

A pleasure to talk with you today and to meet you verbally.

I will have to do a bit of research with my colleagues in HQ on what is and is not permissible for FHWA (USDOT) to fund within DOD facilities (most likely a negative response for other than Safe Routes to School funding). At that time I'll follow up with resources of the cans/ no cans. But first, take a look at this: FHWA - Bicycle and Pedestrian Funding, Design, and Environmental Review: Addressing Common Misconceptions (August 20, 2015) Caution-
http://www.fhwa.dot.gov/environment/bicycle_pedestrian/overview/misc_onceptions.pdf <
Caution-http://www.fhwa.dot.gov/environment/bicycle_pedestrian/overview/misc_onceptions.pdf >

Am copying Tiffany Patrick, planner at MCBH, and Brian Gibson & Chris Clark at OahuMPO, the regional transportation planning body for Oahu, as your questions have relevance to work they are going.

Hau`oli makahiki hou!

Liz

Subject: Bike Sharing Program for Federal Facilities

Elizabeth are TAP or bike sharing programs applicable to federal facilities.
We are interested in bike programs to reduce our traffic.
