VI. New Business

B. Oahu Regional Transportation Plan (ORTP) 2050 Horizon Year

Requested Action: Recommend that the Policy Board direct staff to develop the next ORTP to the horizon year 2050.

Background

- ORTP must include *at least* a twenty-year planning horizon.
- For alignment with several other regional planning studies, OahuMPO staff request that the next ORTP forecast conditions to the horizon year 2050.

ORTP: Threshold year 2050

- **Precedents for 2050**
 - State Sustainability Plan
 - Coastal Zone Management Plan
- **Precedents for 2045**
 - 100% Clean Energy goal
- **Other data needs okay with 2050**
 - Socio-economic forecasts from DBEDT
 - Land use forecasts from DPP

Discussion?

Requested Action: Recommend that the Policy Board direct staff to develop the next ORTP to the horizon year 2050.
