

## Memorandum

To: Citizen Advisory Committee Members

From: Alvin Au, Executive Director

Date: March 20, 2019

### Executive Director's Report

#### ***Accomplishments and Progress***

As reported last month, we are currently conducting outreach events for the Oahu Regional Transportation Plan's (ORTP) first phase of public involvement, where we are asking the public for their transportation goals and priorities for the future. Kiana Otsuka's presentation today will include an update. We plan to attend more community events through April. For a full list of scheduled events thus far, please visit the ORTP webpage: <https://www.oahumpo.org/plans-and-programs/oahu-regional-transportation-plan-ortp/>

We are appreciative of any suggestions CAC members may have for community or events we can partner with to reach out to the public about the ORTP 2045 vision and goals. For these suggestions, please contact Carolyn or Kiana.

#### ***Policy Board (PB)***

The PB met on February 26, 2019 and approved the FFY2019-2022 TIP Revisions #2 & #3. They also heard presentations from the DTS on the Ewa Transportation Impact Fee Program and Vision Zero initiative, versions of which you have heard in previous CAC meetings.

#### ***Technical Advisory Committee (TAC)***

The TAC met on March 8, 2019 and received an informational briefing on the FY2020 Overall Work Program (OWP). The OahuMPO staff answered questions and received comments prior to the OWP FY2020 draft being released for intergovernmental review and public comments. We also provided an ORTP 2045 Public Outreach update.
