Executive Director's Report

Accomplishments and Progress

We have finished the first phase of public involvement for the Oahu Regional Transportation Plan (ORTP), where we asked the public for their transportation goals and priorities for the future. We attended **43 community events** and engaged **3,063 people**.

In addition, we also conducted 12 focus groups across the island to gain a more in-depth understanding of the public's transportation needs and concerns, and how they envision getting around in the future.

The OahuMPO Staff will present the results of the ORTP outreach efforts at a future CAC meeting.

Policy Board (PB)

The Policy Board did not meet in May 2019.

Technical Advisory Committee (TAC)

The TAC met on June 14, 2019 and received an informational briefing from HART on the Transit Fare Scenario Modeling Study, a presentation that the CAC has heard also last April 17. The OahuMPO presented the final draft of the FY2020 Overall Work Program (OWP) which will also be presented to you today. The TAC recommend that the Policy Board endorse the final draft of the FY2020 OWP for submission to the Federal Highway Administration and the Federal Transit Administration for approval.
