VI. New Business

A. Transportation Revenue Forecast

The Oahu Regional Transportation Plan (ORTP) 2045 Transportation Revenue Forecast projects the amount of money that Oahu can reasonably expect to be available to spend on transportation projects and programs through 2045. This forecast is important because it helps to guide which projects and programs are selected for funding in the ORTP. In compliance with Federal law, the costs of projects and programs selected for funding must be within the forecasted revenue amount. OahuMPO and its consultant, Jacobs, will present forecasted revenues through 2045 that will be used to finalize the project and program list for the ORTP 2045.

B. Overall Work Program (OWP) FY2022 Public Review Draft

A draft of the FY2022 OWP will be presented for review and comment by the Technical Advisory Committee prior to its release for public and intergovernmental review.

C. Transportation Improvement Program FFYs 2019-2022 Revision #17

The Transportation Improvement Program (TIP) schedules important surface transportation projects for funding and is developed every four years. Revision #17 of the FFYs 2019-2022 TIP was developed by OahuMPO staff in coordination with the staff of member agencies. Revision #17 includes amendments to four State of Hawaii projects and one City and County of Honolulu project (all funded by the Federal Highway Administration).

The revision is available for review at: https://www.oahumpo.org/?wpfb_dl=2099

Requested Action: *Recommend that the Policy Board approve the FFYs 2019-2022 Transportation Improvement Program Revision #17 as presented.*
