

Aloha and happy September from the OahuMPO staff!
We hope you are enjoying the monthly newsletter.

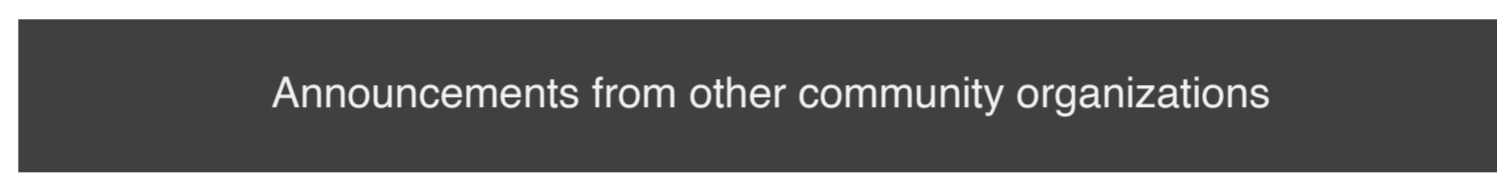

The OahuMPO staff would like to thank Tom Dinell who --is retiring from being a member of the CAC effective after today's meeting. He has served as a CAC member for several decades and is the oldest active member of the CAC in terms of age (83 years old) and years of service. Tom has been a strong and respected voice for the community in many of the State and City transportation planning projects and programs. He has been a strong figure for many others to follow in the service of his community. His contribution and steadfast knowledge of the complex transportation planning process was always communicated respectfully and shared at a level for all to understand and appreciate. We thank Tom, for his leadership and outstanding contribution to the State and the City in the many years of service as an esteemed member of the CAC.

OahuMPO staff would like to thank Jeanne Ishikawa, NB #26 Chair and Joe Francher, CAC Member for NB#26 for being exemplary examples of carrying out CAC duties at their neighborhood board meetings by reviewing the Overall Work Program (OWP) Revision #1. NB#26 listed the OWP Revision #1 as an agenda item at their previous board meeting, discussed the revision, had members vote on the board's comments, and submitted comments to the OahuMPO. This is an excellent example of what CAC members should do: share information obtained from the CAC meetings with their respective communities and provide OahuMPO feedback on work products sent out for public comment.

OahuMPO staff would also like to thank Randall Landry, the Title VI Program Specialist from the Hawaii DOT – Office of Civil Rights, for his consistent support with OahuMPO public participation work products. Mr. Landry is quick to return comments, eager to ask questions for clarification, and always willing to assist the MPO.

MAHALO NUI from the OahuMPO Staff!

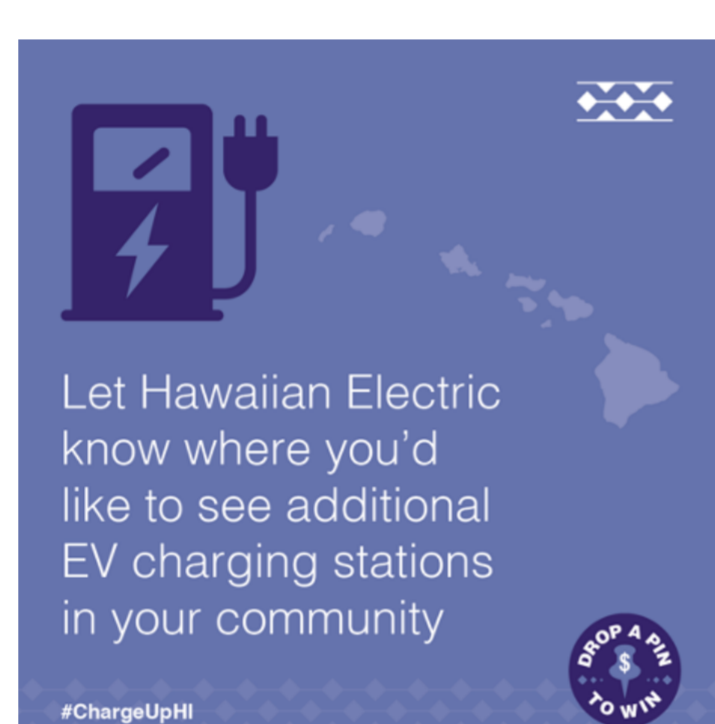

HDOT: PUBLIC SURVEY ON PERMANENT IMPROVEMENTS AT THOMPSON CORNER OPEN THRU SEPT. 30

HONOLULU – The Hawaii Department of Transportation (HDOT) invites Oahu residents to share their input through a brief survey for the future development of the Farrington Highway/Kaukonahua Road intersection (Thompson Corner).

The recent Waialua Beach Road bridge emergency closure called for urgent action and re-emphasized the need for a long-term solution at the intersection. Although the all-way stop was the most expedient safety measure HDOT could install to address the rerouted traffic to the area, it was not considered permanent at the time, and HDOT continues to work on a lasting resolution for Waialua and neighboring communities. In addition to traffic studies and departmental deliberations, HDOT is asking the public for its input.

In the short survey (< 5 mins) at the link below, you can help influence the conversation and outcome to an option that works best for our north shore communities most impacted. This survey will be open to the public through September 30, 2021. <https://forms.office.com/g/fcEPKDWmjZ>

HECO: TAKE EV CHARGING SURVEY TO ENTER TO WIN \$100

Want to a chance to win \$100? Our friends at Hawaiian Electric are giving away five \$100 gift cards for either Foodland or KTA Super Stores. All you need to do is go to www.chargeuphi.com, and complete the short survey and use the interactive map to share where you want to see an EV charging station. If done before **September 10**, you will be entered in a drawing to win one of the gift cards. Mahalo for contributing Hawaii's EV future!

September tentative agenda items include:
