### Executive Director's Report

#### *Accomplishments and Progress*

Revision #2 of the FY2022 Overall Work Program (OWP) was approved on April 7, 2022, by the Federal Highway Administration (FHWA).

The public and intergovernmental review of the FY2023 Overall Work (OWP) concluded on April 15, 2022. Comments received will be detailed during the presentation of the FY2023 OWP agenda item at today's meeting.

The OahuMPO has submitted payment for the NextGen National Household Travel Survey data that are required for the update of the regional travel demand model.

The Statewide Transportation Improvement Program (STIP) revision #2, which includes the OahuMPO Transportation Improvement Program (TIP) revisions #2 and #3, was jointly approved by FHWA and the Federal Transit Administration (FTA) on April 16, 2022. The next cycle of TIP revisions started on April 11<sup>th</sup> and a draft TIP revision document is anticipated to be out for public comment and intergovernmental review by May 13<sup>th</sup>.

An RFQ for the Oahu Regional Transportation Plan (ORTP) 2050 Consultant Procurement was issued in March, but the minimum number of proposals was not attained. The RFQ has been updated and re-posted with a deadline of June 3<sup>rd</sup>. The solicitation has been changed to make it more attractive for smaller firms, and we hope to have many more firms showing interest in providing consulting services for the ORTP.

A consultant has been selected for the Travel Demand Forecasting Model (TDFM) contract procurement. The contract documents are now with the Attorney General's office for review. We hope to have a Notice to Proceed by the end of May.

Congratulations to Samantha Lara who was promoted to fill the vacant Transportation Planner position effective May 1, 2022. OahuMPO will soon be welcoming Dallas Ige who will be our new Assistant Transportation Planner. He will begin work at OahuMPO on Monday, May 16, 2022.
