

Appendix C: Title VI and Environmental Justice (T6/EJ) Analysis

The Title VI and Environmental Justice analysis assesses the impact of projects in communities of color and/or communities with low incomes in terms of the planned investments in these areas. All projects with a specific geography were mapped and analyzed based on the estimated total project expenditures and per capita expenditures to ensure there is no significant difference in investments between T6/EJ areas and non-T6/EJ areas.

The table below shows that while only 37% of the planned investments are in T6/EJ areas, on a per capita basis, these areas will receive \$10,828 per person which is \$310 more per person compared to non-T6/EJ areas.
