The TIP is a short-term program that lists all surface transportation projects on the island of Oahu that are either regionally significant, uses federal transportation funding, or requires action by the federal transportation agencies. TIP Revision 10 contains minor changes to two existing projects. TIP Revision 11 contains amendments involving major changes to five existing projects and considerations for 10 new projects.

B. TMA Certification Report

Federal Law requires the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) to jointly certify the transportation planning processes of Transportation Management Areas (TMAs) at least every four years. FHWA and FTA performed the OahuMPO TMA Certification Review in summer of 2022 and certified the OahuMPO in September 2022.

C. OahuMPO Project Management Training Program

The OahuMPO Project Management Training Program for City and State employees was developed to enhance the knowledge and skills of staff involved in managing federally funded small-scale transportation projects. The goal is to increase skills and knowledge that will help them more effectively use federal funds, comply with applicable regulations, and complete projects on-time and on-budget. The program started in January and meets once a month through September.
